LIMITLESS POTENTIAL.

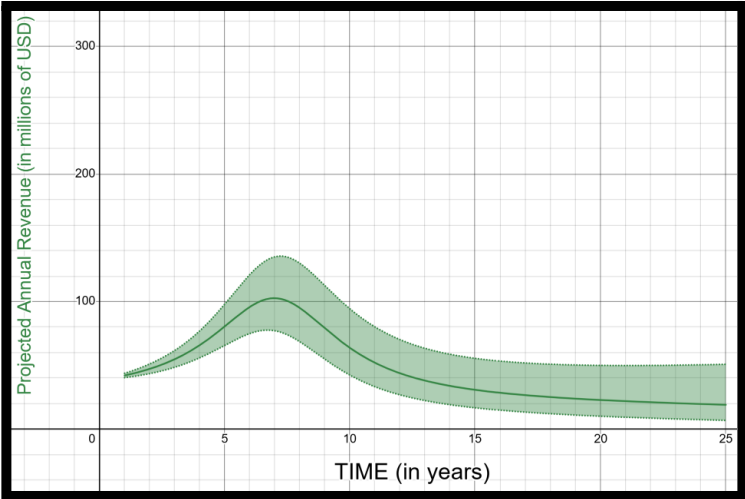

Catalyst Creek Materials

YEAR 0 EVALUATION = \$72M

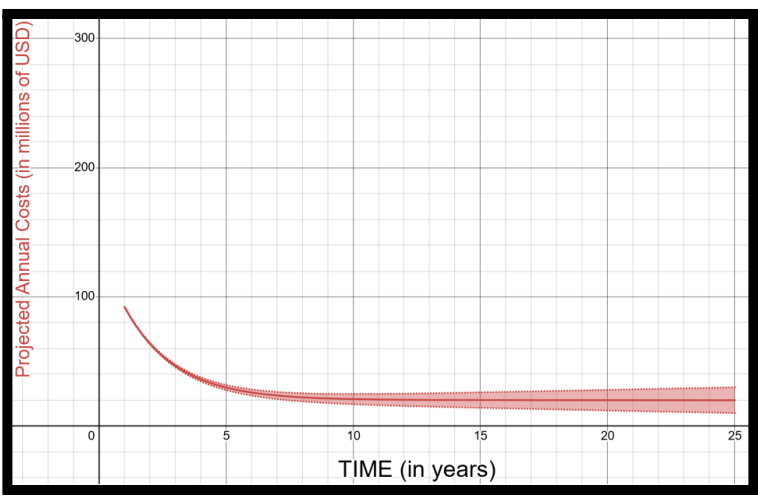

Company Overview Catalyst Creek develops high-performance coatings and specialty compounds for electronics manufacturers. Its products often require years of customer testing and certification. Those long approval cycles create strong customer loyalty once products are adopted.

INDUSTRY	EBITDA _{low}	EBITDA _{high}	INDUSTRY NOTES

Three Rivers Energy Cooperative

YEAR 0 EVALUATION = **\$61M**

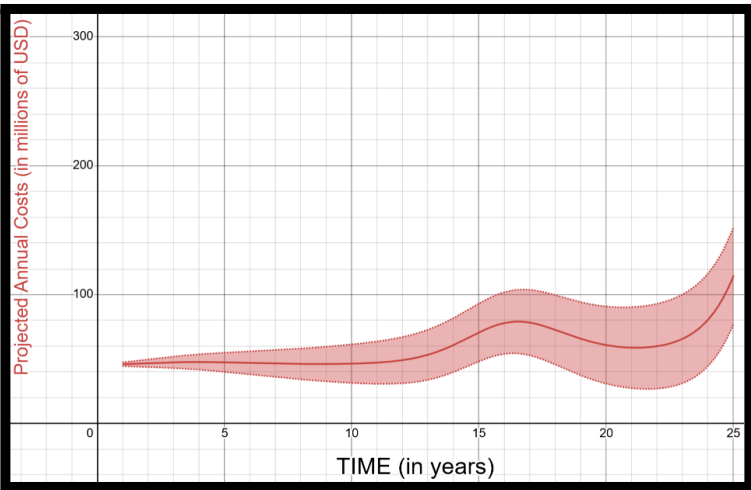

Company Overview Three Rivers Energy Cooperative develops and operates community solar projects across small towns and rural counties. Originally formed by a group of municipal utilities, the company helps local communities lower energy costs while expanding renewable generation capacity. Its portfolio of long-term power purchase agreements provides steady and predictable cash flow.

INDUSTRY	EBITDA _{low}	EBITDA _{high}	INDUSTRY NOTES
Renewable Energy / Solar	8.0x	12.0x	PPAs / contracted cash flows boost value
